“ Pam, Caiden, and Family: I was so sorry to hear of Kim's passing....she took care of our dad at Homewood and she would tell us the stories about him that probably others wouldn't have.....always liked to hear those stories too! Also enjoyed her joking around with me and her open heart when animals needed a place to stay. She was a good person and would help anyone she could....she will definitely be missed.....please keep her memories close to your heart and she will always be with you....

Prayers are being sent your way....

Love/Hugs,

“ KIM was always picking up stray persons and animals. She made our Dad's stay at Homewood better for him and us.  
She was a god person and we were a lot alike.  
One time while nursing me back to health she almost spray painted an antique lamp.  
We both laughed out loud.  
My prayers for Pam Caiden and remaing family members as they move through their grief journey..  
Find Art up there and he will sing you some songs

“ Kim, I only knew you for a short time but in that amount, you inspired me in many ways. The most important was the love you have for your son. I have never seen a stronger bond and I hope that I will share the same bond with my children. You have showed me to never give up because if you keep fighting for what you love, it will come true. Caiden went through rough times but you never gave up on him and today, I have never met a more gentle, kind, and genuine man. I am so blessed to have the person Caiden is today in my life. And for that I will thank you for the rest of my life until I see you again. I made you a very important promise that I will keep. Rest easy Kim. Love you.
