“ Sam, I will never forget you!!! You touched so many lives. Sharing the time we did on Facebook meant so much to me. Memories we had together as kids when we dated. It was you to never tell me how really sick you were. I'm sorry I never made it down to see you before you went to be with Jesus. I also regret not being able to attend your visitation. I have to have a heart cath done at 7:30 in the morning. My thoughts and prayers are with you and your family. God bless you all! Fly high my friend, fly high!!!

“ Sam was always an independent thinker and while at Ft Leonard Wood, he decided to make a trip back home to Lebanon but was running late to get back to the Ft. His big brother, HE and I were great friends and Sam asked for help to get back to avoid being AWOL so they called and I met them at the airport and we were able to file a flight plan directly into the runway at the base. Of course there were a couple of variations on the approach because of some activities going on, so had to land to the south (no one but Sam could get out of the aircraft) and we had to take off immediately the opposite direction to the north but about 20 minutes before Sam was to be back on base!

I always had respect and love for his service for our Country and his whole family. Trying to get back for the Memorial Service. It looks like I will not make it. One of the disadvantages of living out in Southwest Arizona, Yuma. Great memories of Sam!
