“ So many memories with Steve, Angie and Lori in earlier years when we with our children, Traci and Johnny, lived next door to them on the Elm Swamp Road. Our kids had so much fun with Angie and Lori. Our sympathy and prayers are certainly with them as I am sure they will miss him terribly. He was such a good father and a good friend to John and I. We will miss you Steve even though we did not see you that much in our later years but you will live on in our memories. We love you Angie and Lori and think of you often. May God bless you and your families.

“ I first met Steve more than 25 years ago when I interviewed for employment at Joann fabrics. I was young and inexperienced in working outside the home. Steve put me at ease very quickly with his welcoming personality and quick wit. I so enjoyed working with him and getting to know him better. He made going to work something to look forward to, always a smile on his face and a song in his heart. Actually there was more than one time that we would pass each other at work and we would be humming the same song. One time in particular we were both humming “if I only had a brain” from the wizard of Oz As we came into the cutting area. That was good for a chuckle at the time, and every time since, when I’d tell the story. My memories of Steve will forever put a smile on my face and a song in my heart.
