“ I first came to know Angie really well in our International Studies class in junior high. We didn't have a lot of work to do in there, so we spent much of our time just talking and sharing stories about our lives. She told the funniest stories, and I'm pretty sure I cried more than once from laughing so hard. We continued to be friends in high school but lost touch after graduation until about five years later, after I came back home from college and my first job. I had a great time hanging out with Angie and Jen Bunch when we had our girls' night outs and wish I had had more of them with Angie. She was a forgiving, caring, and always positive person, and she showed she was a Christian by the way she treated those around her. Love and prayers go to all who were blessed to know her.

“ *Wow, I am so shocked to hear this news and so saddened for Damon and the whole family. Austin and Damon were besties for many years and spent a lot of time together both at each others homes and on the baseball field in little league. Angie was such a sweet and generous person.....love and prayers to Damon and his grandparents*
