“ Betty was a fantastic friend and baby sitter for my two girls. We have stayed in touch with her since we moved to New Zealand 26 years ago. Betty often sent letters and photos, once in a while a Christmas ornament. During Covid, I still kept in touch with letters but could not visit. I visited Betty in Lebanon in August of this year. She couldn't see very well but knew who I was and was so happy I had stopped by. I had photos of both my girls. Betty lived a good life and was ready to go to the next phase. She said 103 years was enough. Best wishes to all of Betty's remaining family. She was lucky to have you and loved you with all her heart.
