“ *I will miss Dan. He was so friendly when I first started soloing at 6th church. He particularly loved "Finlandia" typically sung at the Thanksgiving services. I will also remember our many sports conversations about Purdue (his team) and Michigan State (my team) especially during basketball season. RIP Dan, I'm glad I knew you and I miss seeing you at church, 3rd row, right side, as Sandy said.*

When posting, my second and third sentences were somehow changed. It was supposed to read, "He always had an interesting point of view and often gave me something more to contemplate. In all things spiritual he was a deep thinker."

“ So sorry for your loss Milliser and Puls families. It's been a long time since I've seen Dan Sr. and the family, but I remember the positive influence he was to everyone around him. Dan was easy to talk to and always made me think about decisions and choices. He helped you think through problems or situations and come to your own conclusions. When I knew him, he was a great father and husband. He wasn't a grandfather yet when I was around, but I'd bet anything he was an awesome grandfather, too. My prayers and thoughts are with his family, may you cherish the great memories you had with Dan and let them help you through this tough time.

“ *I still remember when Dan came to SIA to interview. He was very full of questions and wanted to know everything about the place, what we did, and our direction for the IT department. You could tell then that he was very conscientious and caring human being. He was also very articulate, not only in IT matters, but also in a variety of other matters. I found later that we both had worked at "The Bank" (AFNB), our times did not overlap, but we could share many stories about it. You could tell the way he talked about his family, that he loved them very much. Please accept my condolences and much sympathy for the entire family. Tom Yahne (Retired SIA Associate)*
