“ *My favorite memory of her is when her and I went to see Billy Ray Cyrus in concert at Deere Creek and some friends went as well and one of our friends she knew I like really well so she had them exchange seats so that him and I would be sitting beside each other. And how much she trusted me with her children I took her daughter Crystal to her very first concert when she was younger. And she was amazing person to my children when they were young and she always helped her friends when she could. I'm gonna miss her fly high Dawnetta and tell Jeff king I said hello and save a seat up in heaven for me the gang will be reunited one day love you*
