“ *Thinking of the family in this unexpected difficult time. My deepest sympathy.*

I've known Donna for quite a few years as we both were researchers for the Minnesota State System (formally MnSCU). I work at Normandale Community College in Bloomington, MN. Donna and I kept in contact and shared hints or touched base to ensure the data was correct. Data and AQIP (Academic Quality Improvement Program) is important to a college; a big part of remaining accredited. If we happened to attend the same meeting or conference, we just started off with our last conversation (email or phone).

Last summer, Donna and I happened to both attend a system wide Retirement Class; on how to prepare for it. We were laughing and talking about retirement some day.

I really enjoyed being a fellow researcher with Donna. I will miss her very much.

My deepest sympathy. Donna touched my life.

“ To Donna's family...

I was so very shocked and saddened to hear of Donna's passing. So saddened. Donna and I knew each other for many years, having worked together as faculty at FDLTCC, at times closely on several special projects, and staying in touch over the years since she left FDLTCC.

Donna was truly a vital woman in all she did...an amazing woman with so many talents and abilities, not the least of which were her intelligence and intellect. Few people I've known have Donna's direct way of thinking which I valued. She was instrumental in leading FDLTCC through their first full accreditation process.

Please know my thoughts and prayers are with you all, as they are with Donna. She is and will continue to be missed by myself and many others.

“ Dear Statzell family,

So shocked and saddened to hear about Donna's passing. Myke and I have known her for, gosh, decades through curling. We always enjoyed getting together with her off the ice to talk everything from curling to music and everything in between. Loved her sardonic humor and hearty laugh.

When she went through her cancer bout, Myke would driver her to chemo while I did her housecleaning. Then we would have lunch together afterwards. We had just celebrated her 5 year anniversary recently.

*Would so like to speak with any of you if you're willing.
I can be reached via email at jocurls@aol.com or 612-805-5277.*

*Sincerest sympathies,
Judy Olsen & Myke Rachu*
