“ *So sorry hear about Flo passing. I didn't realize she was 90. I worked with her at IPL and she was a sweetheart, character and a joy to be around. I will always have fond memories of Flo may she RIP.*

“ *I worked with your Mother at IPL and she was one of the most delightful people that I have ever met. I can remember how she used to go into the break room every morning before starting work. She was going through her notebook to make sure that she had finished all of her work from the day before. She had a great sense of humor and she always saw the best in everyone. My husband, Doug, also worked with your dad, Dick. He was a very well thought of man too. The world was a better place while the two of them were here. Our thoughts and prayers to your family. “ Such a beautiful, classic portrait of your mom, Ken--what a glorious young woman she must have been. I am thinking of all of you right now, but especially you, Ken. May all the good in the universe focus on you and yours this next few days.
