“ *What a great friend growing up in Berea, Ky. We spent a lot of time together after school in Berea.*

We were always working on cars or motorcycles. Even tried our hands at some CB radio stuff at times.

Never were in trouble but got stopped a few times as suspects in other issues, those were some stories. Went caving in Jackson County a lot. Even did a little horseback riding, too. Fred was always an easy-going person. Always looked after his mother and sisters.

I remember the Ford that was a 3 speed on the Column. Seems like we drove for miles. and the 2 songs that would come on the radio that we would always sing (we thought we could sing) "Cover of the rolling stone" and "Kodachrome". I am sure there were others. I don't remember us ever disagreeing on anything. Of course, we did our little pranks on people. Because of his friendship, I have many fond memories to share. I am sure he touched other people too, as that was the type of person he was.

Thanks for the friendship, Fred. And all of the memories.
