“ Aunt Gen was the fun aunt! She was hilarious, and she always acted young. I remember A LOT about her, but here are a few things. I remember when I was little, if I had to stay home sick, she was the one who took care of me. I remember her making chicken noodle soup and watching the "Price is Right." I also remember she had a garden, and would always let me eat whole cucumbers out of the garden. Also, I remember celebrating holidays with her. We were over there for Thanksgiving (where people would try to get the wishbone), Christmas (where there were envelopes on the tree for all of us), and Easter (where we had the best Easter Egg hunts). I remember her 50th birthday party, which was so fun! We listened to 50's music and played hula hoop. We always went over to her house for games too! She was always fun and always about family! She will be missed.

“ My mom was the most loving person anyone would ever know she always made people laugh she had a giving heart and a helping hand. She loved her family and friends more than life herself. She always tried to keep her family together at all the holidays really at any given time those that knew her just know how precious she was. She will always be forever in our hearts

I met Ginny through her daughter Marsha while working at KMart. Ginny was always funny and kind. Loved being around her and listen to her laugh. I am sorry to see that Marsha has passed away. Now they can be together and have fun together again.
