Tribute Wall

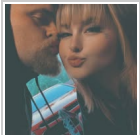

“ I miss you every day , tomorrow is your birthday .. I cant help but wish you were here so I could sing you happy birthday in the most obnoxiously annoying singing voice possible and you tell me to hush . I just miss you so much.

ill never forget coming over every morning before school to wait for the bus and you'd always offer to make us breakfast or tell us to eat a donut . Plain ole glazed donut. you made me fat when I was a kid from them darn thangs! but anyway , there's so many good memories like singing in the kitchen to each other (normally always lady antebellum but the main one was " need you now "). I loved our relationship. You gave some of the best advice and told the funniest stories. I will never forget you pap. <3 you'd be so proud to hear I quit smoking cigarettes.. im sorry I didn't quit sooner. but I did it for your great grand daughter Everleigh Rose.. I wish you could meet her. Hell who am I kidding , you handpicked her for me. I love you pap.. this isn't goodbye , but a see you later ...

happy birthday old man. <3
