“ *Yesterday, Monday, August 1, 2022, I was thinking of Jane. I wondered what her age was when she died. I still have nightmares and dreams. When she was living I shared some of my nightmares and dreams with Jane. No matter what she thought of what I was saying she listened, and I listened to her. Last night I had another nightmare or dream, or whatever you want to call it. All she said was, "I wish I had." Maybe it's her way of saying, if you have something you want to do, do it now, because you won't be able to do it after you die. Thanks to her family for her memory page.*
