“ I worked with John and Beth at State Farm Indiana; and when T was transfered to Dallas,Tx from California; I fractured my foot and was in a moonboot. John was there working on “security detail” and helped me me belonging from one apartment to new one. I always remembered if someone would say “Can I ask you a question?” He would always reply “75”. The way he would say it always made me smile and I hear him in my head to this day! Good Family and Good Friends! God’s Blessing on his children and future generations.

“ I worked with John in Indiana for 10 years till we both moved to other offices as part of consolidation. Always known for his hamburger and fries as what he loved to eat. Also called him "Johnny Email" as he was our security administrator. Thoughts and prayers for his family at this time
