“ To David and family: I never got to know Julia as I knew David. But I heard wonderful she has done. You may have wondered why you received no Christmas card from us this past year. In December I had a leak in my pain pump and for two and half months I had the most severe headache I have ever had. I was in and out of the hospital until the finally fixed the problem and it took over a month to get over the headache. If you have time when you come to Kansas give me a call. It be great to see you. Wayne and Margee Castle

We retired in 2005 and moved from Lincoln, NE, to Liberty, MO, to be near Dorothy's family.
