“ *Larry was a very good neighbor and close friend of both my husband Bart and myself. We were shocked to loose someone we had just spoke and joked with so recently. He will truly be missed by not only us but also our cats whom he baby sat for us as well. He was the most kind hearted person that you could meet and extremely talented as well. We are heart broken over our loss but we know that he is in a better place. Big hugs to his family and friends and may God Bless you all in you time of loss. Most sincerely yours, Sherry and Bart Stevens*
