“ Louise taught 4th grade with me 20 years ago in Hampton Virginia. She was a kind, generous, and fun person to work with. I remember that I was pregnant with my first child during the time we worked together. During this time, would naturally do all the things I normally did for my job, but Louise wouldn't have that. If I were on a chair hanging a poster, she would fuss at me to get down. She was always looking out for me and had a lot of love to give. Love you, sweet lady!

“ Louise was my very first teacher friend. She took me under my wing and treated me like a daughter. We laughed, we cried, we had Applebee's days together when things just got to be too much at school. Louise and I were always there for each other and she was such a beautiful part of life. I know she is with her family and her beloved dog, Brandi right now. She is laughing and loving just as she was every day she was in my life. Thank you, Mom, for all of your love, your support, and your undying friendship. I love you.
