“ In early 2019, I recall sitting in a meeting and hearing Manda without hesitation rattle off—How many gallons of honey can be produced from a thousand bees within a season. I thought to myself, ‘Who is this young woman?’ Lo and behold, days later, it was announced that Manda Clevenger accepted the Food Protection Division Director.

I didn't know Manda as well as other team members. During the past year I had the opportunity to get to know Manda better. She was an insightful, unique individual with charisma that influenced all to do the Best as they could. I don't think Manda ever met a stranger. She was a delight who wore her heart on her sleeve! I am grateful knowing and working under such a strong, well-grounded devoted woman.

My deepest sympathy and prayers go out to Matt, family, friends, and colleagues. May each of you cherish the memories of Manda and find comfort of knowing such a wonderful person!!

“ *I worked with Manda at the Indiana Department of Health when she was in legal and were responding to a public health event together. She was wonderful to work with! She cared deeply about the work, was funny and uplifting. In the years since we always enjoyed catching up for a few minutes in the elevator or the hall. She was an amazing person and leaves a huge hole. My thoughts are with all those that loved her.*

“ *Manda was such a determined person and had so many fun stories from her travels. She was a friend and colleague before she moved to the Food Protection Program; even after I left the program and our work kept us from communicating as often, I knew we would stay friends. One of my best memories is our walk on the beach after a conference...just enjoying the scene and laughing along the way. She was a wonderful mix of fierceness, kindness, and wittiness if she chose to show you! My condolences Matt, my heart goes out to you during your time of great loss.*
