“ Grandma , I'm trying to explain to my therapist how everything happened so quickly, and why I don't express my feelings. I wish you told me happy birthday. I didn't care how many I got I wanted yours. It will be 2 years in two days . And it's eating me alive. I love you . And thank you for all the life lessons .

“ You fought the hardest battles in life and overcame so much. I know the end times were troubled and you fought the great fight for each and every one of us. You taught me so much in life and words can never express how thankful I am that God hand picked you to be my mother. Life's been difficult without you, my world has been shattered and I know I am experiencing these feelings only because of the love you taught me and instilled into my life. I love you mom, you'll never be forgotten!!
