“ My thoughts and prayers to Mark's family. I had the opportunity to get to know him when I was working at Witham Health care. He was just the kindest and friendliest man who was always asking you how you were doing. You would never guess he was wheelchair bound with his outlook on life and kindness to all he encountered. He was concerned about how your day was going, never feeling sorry or pitied in anyway. I can assure his kids and grandkids that he bragged, was so proud of you all and loved showing us pictures on his phone. I looked forward to seeing his name on our appointment list when he was coming next, always a pleasure. I rejoice in knowing he is in Heaven.

“ Thank you Mark, for being part of why my best friend is who she is. I don't know where I'd be without Trin, you, and the whole Hancock family.

*The summer nights at the farm, learning to shoot, and family dinners. I've lived in a lot of places, but my time at the farm will always be my favorite.*

*I promise you will never be forgotten because who you are, will live on through your daughters ☐*
