“ I knew Mike for several years while working at HSB. He was always kind and very helpful. It was always a pleasure to talk with Mike whether face to face or over the phone. He was the kind of adjuster I would wish for if and when I make an insurance claim!

I am so sorry to hear of Mike's death and want to express my sincere sympathies. I worked with Mike both at Hartford Steam Boiler and Travelers where he was a highly valuable and respected team member. He was a wonderful employee who understood the meaning of "teamwork". Mike was such a very caring and kind man and will be deeply missed. Please know our thoughts & prayers are with his family and friends during this difficult time.

“ I am very, very saddened by this news. I had worked with Mike for 21 years. Last July his last week before retiring he offered to be my back-up while on vacation, when most would just be riding out their week he offers to help me with my desk, that's the kind of man he was. We spoke often during the work week, how he loved his Marcy, always spoke so sweet about her. The tears are flowing my friend, gone to soon. <3

“ I got to know Mike when he came to work for me as an adjuster. He was the most kind man you could ever meet. If you were having a bad day all you had to do is talk to Mike and he would cheer you right up. Mike always spoke about his family and it was clear that they were very important to him. When he announced his retirement he was so excited to be able to spend more time with his family. We were all just as excited to see a man who worked so hard all of his life to be able to relax and enjoy what was so important to him. The world lost a very good man. My thoughts and prayers are with his family and pray he is at peace.
