“ I worked at Walmart the last 5 yrs with her. And we become friends. She was so sweet and kind. Would help anyone. Was so thoughtful. Always text me checking on me. Making sure I was ok. And seeing if my scans were ok. Cause I had cancer 2 different times. And came to visit me at Walmart. Her favorite holiday was Christmas. She loved her family. And her extended family. “ Pam and I went to a concert together in Nashville, TN. We had such a great time! She truly enjoyed Travis Tritt's music. She got to meet him a few different times. I remember her telling me how nice he was and that his cologne smelled nice. Thanks for the experience, Pam!! Love you!!

R I P Pam You were my best friend and Like a Sister to me. I will never forget the love you had for my family and me. You were one of a kind and I will love and miss you until we meet again. Fly High Pam and remember that God thought he needed you more to help prepare a place for us when we join you. You were already an Angel but now you have your wings. I wasn't ready for you to go but now you are with your Daddy and I know you missed him terribly and was so good to your Mommy who misses you alot. We don't have all the answer of why you had to live us especially on your favorite Holiday but we know you will protect us even more now. I love and miss you so much now. Until we meet again big hugs my Sister love you forever. No more pain and sorrow or have your feet and legs hurting you so bad you could hardly walk but I bet they are all healed now and you are up there hugging everyone that has gone before you. You were the most kind and caring person I knew and so glad to have had you in my life for the past 25 years plus. Rest easy my friend and Sister I will see you again Love from Sue and family

I worked with Pam at Kauffman's. She wasn't sure of me at first because I'm far from being quite. But, once we started working together we had so much fun. Uncontrollable laughter. She was a good person and very friendly. She had a huge heart. She will be missed by all that knew her. RIP Pam. You can walk now with no pain
