“ *I was very fond of Peggy. I have taken her communion many times and prayed the Rosary with her while I was an active member in the Legion of Mary. Now that my in-laws are in house at Parkwood, or when I had the chance to pop in, I would always find my way back to her room, or find her in the dinning room reading. And we would share a few moments of conversation, prayer, and devotion. I was am also proud to call her a sister Oblate of St. Benedict, and we would read a section of the Rule together and talk upon its meaning. This was her devotion and life, dedication to her beliefs.*

I was at her Hall of Fame dinner as her invited guest, along with a couple of Legion of Mary Members, and I can still remember her beaming smile that night. She has a smile, a devotion to her rosary, and the Blessed Mother, and above all God! She is one person who has made a great impression upon my life. Even when the illness was bad and the pain worse she still had a smile.

Peggy may God Bless You, and Keep you in his loving arms, as the Angles of Heaven welcome you into their midst with open wings.....your have achieved your dream...WELCOME TO PARADISE!
