“ *DeeAnn and family, I am so sorry about Phyllis. I so remember those days back in the early 1970's when your grandparents lived right behind my parents in Brendanwood and they would get together and play cards. They had such a good time and really enjoyed each other's company. I am sure they have already resumed their card playing days. Not sure who would be winning today; but I would say that all four of them are winners, having crossed those pearly gates of Heaven. My thoughts and prayers are with you and your family as I know it is not easy giving up one you love so dearly.*
