“ *I like so many young men worked for Bob as a hod carrier during the late 60's. He knew how to bring the best out of every person. He not only was an excellent brick mason, but Bob also excels as a mentor, a leader and he taught me to have great values. Bob taught young men how to become the best at whatever they were going to do for the rest of their lives. Over the years as I would come back to Colfax, I would drive by his home hoping to have another conversion with Bob. This Saturday, I was told of Bob's passing. He will be truly missed by his daughters, extended family, and those of us who had the opportunity and privilege to work for Bob.*

I am so sorry to hear about your Dad! Without my Mom not being alive we have lost those key loved ones to keep us abreast of extended family. I had no idea that your Mom had passed. I just passed the news along to my Dad. He along with Rick and I are sending thoughts and prayers to you all
