“ Roger you are incredibly missed. I appreciate whomever including my son in this. (Nathan Jr) Although he didn't get much time with his grandfather, he loved him very much. Roger was there for Nathan Jr as much as he could be and would always keep in touch to see how he was doing or call on birthdays. I wish you were still here with us. Little Nate could use some family that actually want something to do with him. Thank you for all the love, support, and great memories you not only gave me but my son as well. We love you so much!

“ *Roger was the best step father a kid could ever ask for. It even feels weird calling him that because he always treated me as his own. He was a fantastic leader that people always looked up to. Most of my childhood was built around him taking me to soccer and cheering me on or him taking me to camps, whitewater rafting, and always supporting me not matter what I wanted to do. And while doing so having a personality that everyone loved.*

I will always regret these last years. I love and miss you dad.
