“ Sharon helped me build my fitness business. I was a young businessman in the late 80' and early 90's and she taught me the value of advertising to drive customers to the business. Later in 2011 I moved to Grant street and became her neighbor where we developed the special neighbor relationship which consisted of me borrowing her edger to edge my yard and hers and I couldn't stop so I did the entire block twice a year. I am thankful for the relationship experience and I would be remiss not to mention that I was in Kiwanis with Don and learned he was kind of serious about his yard work! :)
