“ *One day, momma told me to go out to the barn and get some onions before she got home for dinner, and I went out there and on my way back to the house, a stray dog met me at the barn door, I started screaming and my golden retriever Brody come to see what was wrong, and Brody tried to run him off, and I told Brody to go get Steve cause he was on the other side of the house mowing the front yard, and Brody went and barked and barked until Steve finally followed him to see what was wrong, and when Steve come around the corner of the house, he saw why he was barking. Steve went in and got the gun because the dog was foaming at the mouth and he had me backed up on the tractor cause he kept on coming toward me, so Steve come and shot at the dog and scared it away from me and then he shot again, and we went and looked for the dog the next day, and we found him back by the pits.
