“ *I remember the chats we had about her growing up in Lebanon when we were staging for jazz gigs. I loved how she could hold on a conversation with eye contact at the same time knitting. You will be missed indeed.*

“ *Sharing 36 years with Teresa was an adventure of unbelievable magnitude.
To witness , and be a part her journey was fulfilling to see the fruits of her labor.
I have been fortunate and blessed beyond belief.
God gave me the very precious gift of this lady to share our lives together.*

Greg I am so sorry for your loss!! I know there really are no words that can be said that can truly help, but I hope that the knowledge that both Teresa and you are cared for and loved by many will some how ease the pain. Prayers my friend.

“An excellent teacher” and “a wonderful person” are consistent ways people describe Terersa. Simple words, perhaps, but how wonderful for us all to remember the importance of those descriptors. The dedication to her ISD students was astonishing, so much in fact that I told her one day that she was the science teacher I wish I had had! She worked hard to meet her students' needs and offer advantages unheard of at ISD. NASA! Flying! Scuba! Think of it! The comments of former students and her many awards are proof of that. And Teresa was a good, kind person whose laugh was contagious. Teresa was a good person who made a difference, both big and small (her smile often made my day), in the lives of many of us, most especially her students. What better way to honor and remember her.

“Mrs. Huckleberry was a great teacher who had the passion to learn new things and shared her knowledge with the students like me. She invested her time in teaching and challenged us with our critical thinking skills. She was full of life, and she always greeted us with kindness and warm smiles. I was deeply saddened to hear the news about her passing, and I wanted to express my sympathy to her husband, Greg, and her family. She will be sorely missed by me and the ISD community. Sending my prayers to her family to go through this difficult time.

“ Teresa was a wonderful person and teacher. Her and I worked on the Science curriculum together. We shared some good laughs. She had a bunny that I do believe that she found and wanted to know if I wanted him for my class. My students loved that bunny! We ended up calling him " Lucky." I will miss her.
Eternal rest grant upon her.

“ Teresa was a great lady. She was open and friendly, willing to share her knowledge with students and staff. Her smile was contagious, and her laugh made all who could hear laugh as well. She has been sorely missed at ISD since her retirement. Rest in Peace, Teresa.

“ When I first met Teresa at ISD in the spring of 1977, she was a shy, middle school art teacher who would not look at me in the hall way much less say Hi to me. :-) I decided I would "win her over." I spoke to her anyway and eventually we became friends. That was a very long time ago. She was an amazing and persistent woman working so hard on behalf of her students at ISD creating programs and experiences in which they would never have been able to participate. The only time I was not the fondest of her was when a huge snake escaped from its cage and was lost for quite a while in the main building. I think that might have ended her keeping of the like in her classroom. Lol
I am ashamed to say I was not aware of all the awards and honors she received through the years. I am immensely proud to have known her. I'm so sorry for your loss.

“ From my first day at the deaf school, where Teresa taught across the hall from me, to her last day there, Teresa was the best of friends. She was generous with her time and her spirit. We're all better for sharing this earth with her.
