“ *Rob & Melanie,*

I am sorry for your loss, Your mother was a good person and had a way to keep the 2 of you in line most of the time. I will remember the times I saw her at Little Bit of Texas (8 Seconds) when I first started coming out there.

“ Rob & Melanie: Please accept my sincere condolences for the passing of your sweet momma. When I worked at the City, she came in every 2 weeks to see Emmadell and I and always had us laughing. In addition, she made us the cutest cross-stitch picture for Halloween. I loved her opinions, sense of humor and loyalty to her friends and family. It is an honor to call her my friend and I am so glad I have happy memories of her. She will be missed. May God Bless each of you and your dad as you move forward.

“ I was so sorry to hear of Teresa's passing. She was so attentive to my Mom when she lived next door. I don't know what we would have done without her and Gene. When I went to the graveyard to put flowers on my Mother's grave, there was always a pot of geraniums put there by Teresa. Her family meant everything to her She made me laugh and added spice to my life. She will be sorely missed.

“ I had several conversations with Teresa on the shuttle bus. She would often talk about working at the Indianapolis Motor Speedway, and I told her about some of stories of working there too as well. She always had a clever comment to make. During this difficult time I will be keeping your family in my thoughts and prayers.

“ Met her at the Oak Ridge Boys concerts many years ago. She was the only woman yelling and clapping louder than me! We became friends and her kids helped me collect money by the old hospital for MDA. We all had a blast! Unfortunately I haven't been to see her in a number of years. Her son Chris death was so hard for her. He was with my brother and others when he died. I know that they have reunited and are loving on each other now. Enjoy being with your son. Rob and Melanie please accept my deepest heartfelt condolences. RIP Teresa RIP GODSPEED!

“ *Mama W. was a huge support and easily our biggest fan for many of us during our HS volleyball season. She was our biggest cheerleader and always ready for a hug when one of us needed it. She was a kind soul, and even though I haven't seen her in years, she definitely made a positive impression on my life. Thank you Mama W. You will be missed by many.*

Condolences & big hugs to the family during this difficult time.

“ *Teresa and I were co-workers at the health department. She and I also shared the same birthday, October 19th, and we always enjoyed that fact when we'd be around each other. She was such a talker, a mover and a shaker. She didn't bite her tongue about anything and could tell you a lot of the history of the State through her many years of service.*

I was so sad to hear that Teresa had transitioned, she will be missed. May she rest in peace.

My condolences to her son and the other family members. I will keep you in my thoughts and prayers.

“Teresa and I met the beginning of 4th grade at the newly built Harney Elementary School in 1957 (I think). We were not in the same class that year but that did not matter. As the years went by we would do movies at the Avon Theater on Sunday afternoons followed by a chocolate or cherry Coke at the Star Drugstore. Her dad would usually come pick us up and drop me off at home. Oh so many movies for 2 young girls! The movies continued through junior high years as did our friendship.

Once we were in high school we went to home and away basketball games which was exciting. We were able to attend the basketball tournaments in our Jr and Senior years which was so special for both of us! Teresa's dad was always there to take us out of town for those games since neither of us drove out of town.

I remember in high school going to Teresa's house to help her "iron" her hair before we went to a game or event! She was always so proud of her beautiful long hair!! Frozen orange juice cans used to roll her hair after shampooing! I envied the hair but never enough to let mine grow that long! She did enough for both of us.

After college I moved away from Lebanon and we lost touch for several years but I had memories! Several years later after my husband had started working for the State of Indiana, he came home one day and told me Teresa Watson said to tell me hello! The then director of the ISDH was working with my husband on a project and somehow mentioned his name to Teresa and she said to her director "I think I know this guy". Small world for sure. When I started working for the State in 2005 I made sure to reconnect with my friend again. We were "old school friends" until the end. We did not talk frequently but each of us knew where we were.

God love her soul and I know we will see each other again. Love you!

“ Watson as I called her was a beautiful soul to anyone that she would allow to be in her circle. I have known her for more than 20 years, from work as well as Indiana Black Expo Health Fair. we have had many long talks where she has really been my sounding board and kept me out of trouble that could have been more than it would have been worth. I Thank you my friend, sister, and most of all my secret keeper. I Love and Miss you so much that words could never explain. Peace be with you. Gone but Never Forgotten.
