“ The news of Tommy’s passing struck really close to home. My heart aches for his whole family, especially one of my favorite educators, Mrs. Springer. I can’t imagine what they are going through right now, but I do wish to tell them that they are not alone and to take all the time they need in their grieving and healing process.

“ I’m sorry that I won’t be able to attend. I don’t remember how Tom and I met; my only memories of him are as friends. But I have a lot of memories with him! From all the video games we’ve talked about, the hours spent playing Smash Bros., making animations and light painting in digital design class, and the Media Arts & Science projects in college... I’m sad that after I graduated I didn’t get to see Tom much, since I ended up moving, but I’m thankful for the memories we had made previously. I’ll be praying for the family, and I’m very sorry for your loss
