“ I met Trent at Johnson controls if it wasn't for him I wouldn't still be working here. he took the time to train me how to weld better. He taught me so much and gave me more patience than I probably deserved. The days were always better when he was at work. I'm glad I got to know him and I'm glad to call him my friend.

“ *I met Trent back when I was barely an adult myself. He and his wife would come to Crystal Flash though and quickly became noted 'regulars' for me. He was always so funny and so kind. They both were.*

I had no idea I'd later work with Molly at Goodwill. I can def see where she got her sense of humor from, but even more-so, empathy and just good-naturedness.

My heart sincerely goes out to everyone in the family.
