“ *Billy, you will be missed by everyone you touched! My memory of you training me as the twin towers were hit! As we stopped our training and sat in silence, we created a lifetime memory and each 9/11 i think of you and tell my story as to who i was with!! God bless you sweet kind man. Namaste*

“ Bill was one of the first people I met when I moved to indianapolis in 2000. We instantly hit it off when he started training me at Hoffacker Fitness and I've considered him a dear friend ever since. I used to joke with Bill that he was not only my friend but my therapist as we would talk about everything during our half hour together while he trained me. His support and our endless laughs were what got me through his tough workouts. His quick wit and amazing ability to stretch me and work out every last kink will be greatly missed! After 30 minutes with Bill I felt like a new person not just physically but emotionally. I miss him deeply and pray that his family finds peace during this difficult time.
